A. COMMENCEMENT OF WORK. The date of beginning and the time for completion of the work are essential conditions of the Contract Documents. Contractor shall commence performance of the Work on the date indicated in a written notice ("Notice to Proceed") that shall be given by City to Contractor.

B. TIME FOR COMPLETION. Contractor shall achieve Substantial Completion, as defined in Article I hereof, not later than 75 calendar days after the date set forth in the Notice to Proceed for commencement of performance of Work. The Contractor will proceed with the work at such rate of progress to insure Substantial completion within the contract time. It is expressly understood and agreed, by and between the Contractor and the City, that the contract time to achieve Substantial Completion of the work described herein is a reasonable time, taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the Work. No extensions will be granted, except in case of unusual (unseasonable) weather conditions or additional work requested by the City under Change Order. Following Substantial Completion, Contractor shall proceed to complete all uncompleted Work items as promptly as permitted by weather conditions or any other conditions affecting completion of the Work.

C. TIME OF THE ESSENCE. Time is of the essence in the performance of the Work and any other Contractor obligations under the Contract Documents. Contractor shall upon commencement of construction work daily to complete the Work except for Saturdays, Sundays, holidays, and days of inclement weather. This Paragraph does not preclude Contractor from working Saturdays, Sundays, holidays, or days of inclement weather, subject to City approval. Contractor shall give the City at least 48 hours notice if intending to work on Saturday, Sunday, holidays or days of impending inclement weather.

D. DELAY IN PERFORMANCE. In the event the City determines that performance of the Work is not progressing as required by the Contract Documents or that the Work is being unnecessarily delayed or will not be finished within the prescribed time, the City may, in the City's sole discretion and in addition to any other right or remedy City may have, require Contractor, at Contractor's sole cost, to accelerate Contractor's progress. Such acceleration shall continue until the progress of the Work complies with the Contract Documents and clearly indicates that all Work will be completed within the prescribed time.

E. SUSPENSION OF WORK. The City may suspend the work or any portion thereof for a period of not more than ninety (90) days or such further time as agreed upon by the Contractor, by written notice to the Contractor which shall fix the date on which work shall be resumed. The Contractor will resume that work on the date so fixed. The Contractor will be allowed an increase in the contract price or an extension of the contract time, or both, directly attributable to any suspension

F. **DRAWINGS AND SPECIFICATIONS.** The intent of the drawings and specifications is that the Contractor shall furnish all labor, materials, tools, equipment and transportation necessary for the proper execution of the work in accordance with the Contract Documents and all incidental work necessary to complete the project in an acceptable manner, ready for use, occupancy or operation by the City. In case of conflict between the drawings and specification, the specifications shall govern. Figure dimensions on drawings shall govern over general drawings. Any discrepancies found between the drawings and specifications and site conditions or any inconsistencies or ambiguities in the drawings or specifications shall be immediately reported to the Project Manager in writing, who shall promptly correct such inconsistencies or ambiguities in writing. Work done by the Contractor after discovery of such discrepancies, inconsistencies or ambiguities shall be done at the Contractor's risk.

G. **SHOP DRAWINGS.** Contractor shall submit to Project Manager for review all shop drawings, samples, product data, and similar submittals required by the Contract Documents. Contractor shall be responsible to City for the accuracy and conformity of its submittals to the Contract Documents. Contractor shall prepare and deliver its submittals to City in a manner consistent with the construction schedule and in such time and sequence so as not to delay performance of the Work. Portions of the work requiring a shop drawing or sample submission shall not begin until the shop drawing or submission has been reviewed by the Project Manager. Review of any Contractor submittal shall not be deemed to authorize deviations, substitutions, or changes in the requirements of the Contract Documents unless express written approval is obtained from City specifically authorizing such deviation, substitution, or change. When submitted for the Project Manager's review, any shop drawing which substantially deviates from the requirement of the Contract Documents shall be evidenced by a Change Order. If the Contract Documents do not contain submittal requirements pertaining to the Work, Contractor agrees upon request to submit in a timely fashion to City for review by Project Manager any shop drawings, samples, product data, manufacturers' literature, or similar submittals as may reasonably be required by City. Contractor shall perform all Work strictly in accordance with approved submittals. Project Manager's review does not relieve Contractor from responsibility for defective work resulting from errors or omissions of any kind on the reviewed submittals. A copy of each shop drawing and each sample shall be kept in good order by the Contractor at the site and shall be available to the Project Manager.

H. **MATERIALS, SERVICES AND FACILITIES.** It is understood that except as otherwise specifically stated in the Contract Documents, the Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, power, transportation, supervision, temporary construction of any nature, and all other services and facilities of any nature whatsoever necessary to execute, complete, and deliver the work within the specified time. Materials and equipment shall be so stored as to insure the preservation of their quality and fitness for the work. Stored materials and equipment to be incorporated in the work shall be located so as to facilitate prompt inspection. Manufactured articles, materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned as directed by the manufacturer. Material, supplies and equipment shall be in accordance with samples submitted by the Contractor and approved by the Project Manager. Materials, supplies or equipment to be

incorporated into the work shall not be purchased by the Contractor or by any Subcontractor subject to a chattel mortgage or under a conditional sale contract or other agreement by which an interest is retained by the seller.

I. INSPECTION AND TESTING OF MATERIALS. All materials and equipment used in the construction of the project shall be subject to adequate inspection and testing in accordance with generally accepted standards, as required and defined in the Contract Documents. The Contractor shall provide at the Contractor's expense the testing and inspection services required by the Contract Documents. The City shall provide all inspection and testing services not required by the Contract Documents. If the Contract Documents, laws, ordinances, rules, regulations or orders of any public authority having jurisdiction require any work to specifically be inspected, tested or approved by someone other than the Contractor, the Contractor will give the Project Manager timely notice of readiness. The Contractor will then furnish the Project Manager the required certificates of inspection, testing approval. Inspections, tests or approvals by the Project Manager or others shall not relieve the Contractor from the obligation to perform the work in accordance with the requirements of the Contract Documents. The Project Manager will at all times have access to the work. In addition, authorized representatives and agents of any participating Federal or State agency shall be permitted to inspect all work, materials, payrolls, records or personnel, invoices of materials and other relevant data and records. The Contractor will provide proper facilities for such access and observation of the work and also for any inspection or testing thereof.

If any work is covered prior to inspection by the Project Manager it must, if requested by the Project Manager, be uncovered for the Project Manager's observation and replaced at the Contractor's expense. If the Project Manager considers it necessary or advisable that covered work be inspected or tested by others, the Contractor, at the Project Manager's request, will uncover, expose or otherwise make available for observation, inspection or testing as the Project Manager may require, that portion of the work in question, furnishing all necessary labor, materials, tools and equipment.

J. CORRECTION OF WORK. The Contractor shall promptly remove from the premises all work rejected by the Project Manager for failure to comply with the contract documents, whether incorporated in the construction or not, and the Contractor shall promptly replace and re-execute the work in accordance with the contract documents and without expense to the owner and shall bear the expense of making good all work of other Contractors destroyed or damaged by such removal or replacement. All removal and replacement work shall be done at the Contractor's expense. If the Contractor does not take action to remove such rejected work within ten (10) days after receipt of written notice, the City may remove such work and store the materials at the expense of the Contractor.

K. SUBSTITUTIONS. Whenever a material, article, or piece of equipment is identified on the drawings and specifications by referenced to brand name or catalog numbers, it shall be understood that this is referenced for the purpose of defining the performance or other salient requirements and that other products of equal capacities, quality and function shall be considered. The Contractor may recommend the substitution of material, article or piece of equipment of equal substance and function for those referred to in the Contract Documents by referenced to brand name or catalog number, if, in the opinion of the City, such material, article or piece of equipment is of equal substance function to that specified, the City may approve, in

writing, its substitution and use by the Contractor. Any cost differential shall be deductible from the contract price and in such event the Contract Documents shall be modified by Change Order. The Contractor warrants that if substitutes are approved, no major changes in the function or general design of the project will result. Incidental changes or extra component parts required to accommodate the substitute will be made by the Contractor without a change in the contract price or contract time.

Permits and licenses of temporary nature necessary for the prosecution of the work shall be secured and paid for by the Contractor unless otherwise stated in the supplemental general conditions. Permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured and paid for by the City, unless otherwise specified. The Contractor shall give all notices and comply with all laws, ordinances, rules and regulations bearing on the conduct of the work as drawn and specified. If the Contractor observes that the Contract Documents are at variance therewith, the Contractor shall promptly notify the City in writing, and any necessary changes shall be adjusted as provided in Article VII changes in the work.

L. SUBSURFACE CONDITIONS. The Contractor has the responsibility to become familiar with the Project site and the conditions under which work will have to be performed during the construction period prior to bidding. The Contractor shall promptly, and before such conditions are disturbed (excepting an emergency), notify the City by written notice of subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents. Contractor shall also be required to notify City of any unknown physical conditions at the site of unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents at the location of the Project. The City shall investigate the conditions, and if it is found that such conditions do so materially differ and cause an increase or decrease in the cost of, or in the time required for, performance of the Work, the Contract Documents may be modified by Change Order as provided in Article VII.

M. SUPERVISION BY CONTRACTOR. The Contractor will supervise and direct the work. The Contractor will be solely responsible for the means, methods, techniques, sequences and procedures of construction. The Contractor will employ and maintain on the work a qualified supervisor or superintendent who shall have been designated in writing by the Contractor or the Contractor's representative at the site. The supervisor shall have full authority to act on behalf of the Contractor and all communications given to the supervisor shall be a binding as if given to the Contractor. The supervisor shall be present on the site at all times as required to perform adequate supervision and coordination of the work.

ARTICLE V CONTRACT DOCUMENTS

A. The following documents, and any other documents that are attached to, incorporated by reference into, or otherwise included in them, and all Change Orders, form the entire agreement between City and Contractor, and are the Contract Documents:

1. INFORMATION FOR BIDDERS for Power Plant Demolition Project
2. BID FORM
3. AFFIDAVIT OF WORK AUTHORIZATION
4. This AGREEMENT BETWEEN CITY OF EXCELSIOR SPRINGS AND CONTRACTOR
5. PERFORMANCE BOND
6. NOTICE TO PROCEED

Contractor represents that it has examined and become familiar with the Contract Documents in their entirety, that any and all ambiguities, inconsistencies, and conflicts observed by Contractor have been called to City's attention in writing and have been resolved in writing to Contractor's satisfaction. Except for actual conflict between provisions in the Contract Documents, making it impossible for Contractor to comply with all provisions of the Contract Documents, the Contract Documents shall be cumulative, and Contractor shall comply with all provisions of all Contract Documents. In case of actual conflict, Contractor shall notify City of the conflict in writing and then shall comply with such provisions of the Contract Documents as City directs.

ARTICLE VI PAYMENTS

A. Prior to submitting its first application for payment, Contractor shall provide City with a schedule of values dividing the Work, and the Contract Amount, into workable categories in a form acceptable to City. Each application for payment shall be based upon the percentage of actual completion of each category, multiplied by the dollar value of such category.

B. On or about the first day of Contractor's monthly accounting period, Contractor shall submit an Application for Partial Payment to the Project Manager. In addition to the amount of payment requested in the Application for Partial Payment, each application shall list the original Contract Amount, the amount Contractor has invoiced City to date, the amount Contractor has received to date, total additions to and deletions from the Contract Amount pursuant to approved Change Orders, and an itemization of any further additions to or deletions from the Contract Amount that Contractor claims. Contractor shall identify each Subcontractor and supplier whom Contractor intends to pay from the requested payment and shall state the amount Contractor intends to pay each such Subcontractor and supplier. An Application shall not include a request for payment for any portion of the Work that was performed or furnished by a Subcontractor or supplier if Contractor does not intend to pay such Subcontractor or supplier from such payment, nor shall the Application include a request for payment for any Work performed deemed unsatisfactory by City. Contractor shall include with each Application all supporting documentation as City may require. The City shall, within fifteen (15) days, review and approve such Application, or return the Application to the Contractor indicating in writing the reasons for refusing to approve payment. In the latter case, the Contractor may make the necessary corrections and resubmit the Application. Within fifteen (15) days of its receipt of payment from City, Contractor shall pay all subcontractors and suppliers to whom payment is owed from the amount paid to Contractor.

C. All payments under this Agreement shall be made only upon proper approval of the City. Project Manager shall review each application for payment and certify for payment such amounts as Project Manager determines are due Contractor. From the total amount certified, City shall withhold five percent (5%) as retainage until final completion and acceptance of the Work. The five percent (5%) retainage may be reduced by Change Order if final completion and acceptance of the Work is delayed due to unforeseen circumstances and the Work is usable for its intended purpose by the City. If reduction in the retainage is approved, the remaining retainage shall be an amount equal to or greater than 200% of the estimated amount necessary to complete the Work.

D. The Finance Director, upon presentation of such certificate, shall prepare a check for the sum certified to be due (exclusive of retainage), payable out of the funds in the City Treasury available for Contractor under the authorizing Resolution or Ordinance approved by the City Council. Payment shall be made to Contractor after the City Council review and approve the payment and authorize the Mayor and Finance Director to sign and deliver the check.

E. Neither City Manager nor Project Manager's approval certificate nor payment made to Contractor shall constitute acceptance of any part of the Work. Contractor shall remain obligated to perform all Work in accordance with the Contract Documents.

F. With each Application, Contractor shall submit a signed certificate of receipt of prior payments and release of claims and rights in connection with prior payments, in a form approved by City. City may, at its option, also require a similar receipt and release of claims and rights from each Subcontractor or supplier performing any Work, prior to making any payment to Contractor. The subcontractors' and suppliers' receipts and releases shall be in a form approved by City and shall indicate that (except for retainage) all debts for work performed or materials supplied included on any previous payment application to City from Contractor have been satisfied and that the Subcontractor or supplier waives and releases any and all claims or rights in connection therewith.

G. Contractor shall not be entitled to final payment for the Work until Contractor submits an application for final payment, all requirements of the Contract Documents are complied with, and Project Manager issues his or her certificate to that effect. Within thirty (30) days after the delivery of the Certificate of Acceptance certificate, City shall pay Contractor all remaining funds which Contractor is due under this Agreement.

H. Acceptance of final payment by Contractor shall release City from all further obligations to Contractor, except as to such amounts, if any, Contractor has identified in its application for final payment as claimed by Contractor. All claims not identified in the application for final payment are waived. Any payment, however final or otherwise, shall not release the Contractor or its sureties from any obligations under the Contract Documents or the Performance and Payment Bonds.

I. City may withhold final or any other payment to Contractor on any reasonable basis, including but not limited to the following:

1. Unsatisfactory job progress,
2. Defective Work,
3. Failure to make payments to subcontractors or suppliers,
4. Reasonable evidence that all Work cannot be completed for the unpaid balance of the Contract Amount,
5. Damage by Contractor or subcontractors or suppliers to property of City or others,
6. Contractor's breach of this Agreement, or
7. Contractor's failure to provide requested documentation.

J. The Contractor shall, at the request of City, furnish satisfactory evidence that all obligations to subcontractors, laborers, workmen, mechanics, material men and furnishers of machinery and parts thereof, equipment, tools and all supplies incurred in the furtherance of the performance of the Work have been paid, discharged or waived. If Contractor does not pay subcontractors or suppliers for labor and/or material properly provided, City may, but shall not be required to, pay subcontractors and suppliers directly. Any payments made to subcontractors and suppliers shall be charged against the Contract Amount. City shall not be liable to Contractor for any such payments made in good faith. This provision shall not confer any right upon any Subcontractor or supplier to seek payment directly from City.

K. Notwithstanding any other provision for payment contained herein, in the event the Missouri Department of Labor and Industrial Relations has determined that a violation of Section 292.675 RSMo has occurred and that a penalty shall be assessed, the City shall withhold and retain all sums and amounts due and owing when making payments to Contractor under this Contract.

ARTICLE VII CHANGES/CLAIMS

A. City, without invalidating this Agreement, may at any time and without notice to any surety, order additions to, deletions from, or other changes to the Work. Upon receipt of such an order, in writing, Contractor shall proceed as and when directed in the order. Contractor shall not proceed with any addition, deletion, or other change without a written order. No oral direction or order shall constitute authority for Contractor to proceed with any addition, deletion, or other change. If Contractor undertakes any addition, deletion, or other change without a written order from City, Contractor shall not be entitled to any increase in the Contract Amount or the time for performance of the Work, and Contractor shall be solely and completely responsible for the acceptability to City of the addition, deletion, or other change.

B. If a change to the Work causes a net increase or decrease in the cost of Contractor's performance, the Contract Amount shall be increased or decreased as follows:

1. If the Work is covered by unit prices set forth in Contractor's Bid for Unit Price Contracts, by application of such unit prices to the quantities of the items involved; or

2. If the Work involved is not covered by unit prices set forth in Contractor's Bid for Unit Price Contracts, by a lump sum as to which Contractor and City mutually agree prior to the commencement of performance of the change.

C. If a change to the Work causes an increase or decrease in the time required for Contractor's performance, an equitable adjustment to the time for performance shall be made.

D. A change in the Contract Amount or the time for performance of the Work shall be accomplished only by written Change Order, which shall state the increase or decrease, if any, in the Contract Amount or the time for performance. No course of conduct or dealings between the parties, nor express or implied acceptance of alterations or additions to the Work, and no claim that City has been unjustly enriched by any alteration or addition to the Work, whether or not there is, in fact, any such enrichment, shall be the basis of any claim to an increase in any amounts due under the Contract Documents or a change in the time for performance of the Work.

E. Agreement on any Change Order shall constitute a final settlement of all matters relating to the change in the Work that is the subject of the Change Order, including but not limited to all direct and indirect costs associated with such change and any and all adjustments to the Contract Amount and time for performance of the Work.

F. If Contractor is delayed or interfered with at any time in the commencement or prosecution of the Work by an act or neglect of City, an employee, officer, or agent of City, or an architect or engineer or separate contractor engaged by or on behalf of City, or by changes ordered in the Work, an act of God, fire, or other cause over which Contractor has no control and that Contractor could not reasonably anticipate, the time for performance of the Work shall be equitably extended, provided that Contractor gives notice as provided for in Paragraph G below.

G. Any claim by Contractor for additional time or money for the performance of the Work, including but not limited to any claim based on or arising out of an addition to, deletion from, or other change to the Work and/or delay to or interference with commencement or prosecution of any of the Work, shall be submitted to City's designated representative within five (5) working days of the beginning of the event for which the claim is made or on which it is based. If any claim is not submitted within the five-day period, it shall be deemed waived.

H. No change or claim, nor any delay or dispute concerning the determination of any increase or decrease in the amount of time and money for the performance of the Work, shall excuse Contractor from proceeding with prosecution of the Work, including any Work as changed.

F. Contractor also shall maintain any additional insurance coverages and any higher limits provided for elsewhere in the Contract Documents and shall furnish City any additional insurance documentation provided for elsewhere in the Contract Documents.

G. If any part of the Work is subcontracted, each Subcontractor, or Contractor on behalf of the Subcontractor, shall maintain liability and worker's compensation insurance coverages and amounts satisfying all the requirements of this Article. H. Reserved.

ARTICLE IX INDEMNITY

A. Contractor shall defend, indemnify, and hold harmless City, its employees, officers, and agents, and any architects, engineers, or other design professionals engaged by or on behalf of City, from and against claims, damages, losses, and expenses, including but not limited to attorney's fees, arising out of or resulting from the performance of the Work, provided that such claim, damage, loss, or expenses is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused or allegedly caused by the negligent or willful acts or omissions of Contractor, a Subcontractor or supplier, or anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. This obligation is not intended to, and shall not, negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person as set forth in this Agreement.

B. In claims against any person or entity indemnified herein by an employee of Contractor, a Subcontractor or supplier, or anyone directly or indirectly employed by them or for whose acts they may be liable, the indemnification obligation shall not be limited by a limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or a Subcontractor or supplier under workers' compensation acts, disability benefit acts, or other employee benefit acts.

ARTICLE X PERFORMANCE BOND

The Contractor shall within ten (10) days after the receipt of the Notice of Award furnish the City with a Performance Bond in an amount at least equal to one hundred percent (100%) of the contract price, conditioned upon the performance by the Contractor all undertakings, covenants, terms, conditions and agreements of the Contract Documents. Such bond shall be

executed by the Contractor and a corporate bonding company licensed to transact such business in the state in which the work is to be performed and named on the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Treasury Department Circular Number 570 and shall have a rating of at least "A-" from Best's. The expense shall be borne by the Contractor. If at any time a surety on any such bond is declared a bankrupt or loses its right to do business the state in which the work is to be performed or is removed from the list of Surety Companies accepted on Federal Bonds, Contractor shall within ten (10) days after notice from the City to do so, substitute an acceptable bond (or bonds) in such form and sum and signed by such other surety or sureties as may be satisfactory to the City.

ARTICLE XI COVENANT AGAINST LOBBYING AND UNDUE INFLUENCE

A. Contractor represents and warrants that it has not employed or retained any company or person, other than a bona fide employee working for Contractor, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, City shall have the right to void this Agreement without liability and, in its discretion, to deduct from the Contract Amount, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

B. Contractor represents and warrants that no payments have been or shall be made, directly or indirectly, by or on behalf of Contractor to or for the benefit of any officer, employee, or agent of City who may reasonably be expected to influence the decision to requisition issue or take any action with respect to this Agreement.

ARTICLE XII RECORDS REGARDING PAYMENT

For a period of at least two (2) years after final payment to Contractor, Contractor shall maintain, in accordance with generally accepted accounting principles, such records as are necessary to substantiate that all applications for payment hereunder were valid and properly chargeable to City. For lump sum contract Work, the records shall demonstrate that the City was billed at appropriate times for proper percentages of completion and for payments to subcontractors and suppliers. For any Work, including extra Work, not charged on a lump sum basis, the records to be maintained hereunder include but are not limited to all contracts, subcontracts, material bills, correspondence, accounting records, time sheets, payroll records, canceled checks, orders, and invoices pertaining to City's account. City or its representative shall, upon reasonable prior notice to Contractor, be given the opportunity to audit these records at any time during normal business hours to verify the accuracy of Contractor's invoices and charges.

ARTICLE XIII NOTICES

A. Any notice required by the Contract Documents to be given in writing or that either City or Contractor wishes to give to the other in writing shall be signed by or on behalf of the party giving notice. The notice shall be deemed to have been completed when sent by certified or registered mail to the other party at City Hall for the City, or the address provided by the Contractor for itself, or delivered in person to said party or their authorized representative.

B. Contractor's designated representative shall be available to meet with City at any time during the performance of the Work and shall have full authority to act on Contractor's behalf on any matter related to this Agreement and/or the Work.

ARTICLE XIV DEFAULT AND TERMINATION

A. If Contractor fails to comply, becomes unable to comply, or with reasonable probability (as determined solely by City) will become unable to comply with any of Contractor's obligations under the Contract Documents, including but not limited to (1) failure at any time to furnish sufficient labor or supervision, sufficient materials or services (including but not limited to insurance and bonds) complying with the Contract Documents, or sufficient or properly operating tools, equipment, or other items necessary for the performance of the Work, (2) failure in any respect to prosecute the Work with promptness and diligence, (3) causing any stoppage of, delay in, or interference with any work of City or any others on the Project, (4) abandonment by Contractor of all or any part of the Work, or (5) bankruptcy, insolvency or general assignment for the benefit of creditors by Contractor, Contractor shall be in default, and if the default is not corrected to City's satisfaction within seventy-two (72) hours of delivery of a written notice to Contractor to correct such default, City may, in addition to any other right or remedy City may have, terminate the services of the Contractor and take possession of the project and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and finish the work by whatever method the City may deem expedient to correct the default, at Contractor's expense. In such case the Contractor shall not be entitled to receive any further payment until the Work is finished. If such costs exceed the unpaid balance due to Contractor, the Contractor will pay the difference to the City.

B. If City exercises its right to take over and complete any part or all of the Work, City and its designees shall have access to and may take possession of Contractor's materials, tools, equipment, and other items at the Project site, en route to the site, or in storage or being manufactured or fabricated away from the site, as may be necessary to prosecute the Work taken over by City, and may employ Contractor's employees or former employees.

C. Contractor shall be liable for and shall pay to City all costs and expenses of whatsoever nature incurred by City as a result of any default by Contractor, including but not limited to the cost of labor, supervision, materials, tools, equipment, services, overhead, travel, and legal and accounting fees. Contractor also shall be liable for and shall pay to City all charges, liabilities, fines, penalties, losses, damages, and claims sustained by or assessed against

City as a result of any delay or disruption resulting from any default by Contractor. The total amount of such costs, expenses, charges, liabilities, fines, penalties, losses, damages, and claims may be deducted by City from the amount, if any, otherwise due Contractor, and Contractor shall pay City the full amount of any excess of such total over the amount otherwise due Contractor.

D. No right or remedy conferred upon or reserved to City by the Contract Documents is exclusive of any other right or remedy provided or permitted in the Contract Documents or by law or equity, but each right or remedy is cumulative of every other right or remedy, and every right or remedy may be enforced concurrently or from time to time. No exercise by City of any right or remedy shall relieve Contractor from full and absolute responsibility for all of Contractor's obligations under the Contract Documents.

E. No failure or delay of City to give notice to correct any default of Contractor or to exercise any of City's rights or remedies shall waive or excuse the default, and City shall remain free to pursue all rights and remedies. No failure of City to insist, in any one or more instances, upon the performance of any of Contractor's obligations under the Contract Documents shall be deemed or construed as a waiver or relinquishment of City's right to insist upon strict performance of the obligation in any future instance.

F. If through no act or fault of the Contractor, the Work is suspended for a period of more than ninety (90) days by the City or under an order of court or other public authority, or the City fails to act on any request for payment within thirty (30) days after it is submitted, or the City fails to pay the Contractor substantially the sum approved by the Project Manager and City Manager, then the Contractor may after ten (10) days from delivery of written notice to the City terminate the Agreement and recover from the City payment for all work executed.

G. The City, without terminating the service of the Contractor or written notice to the Surety, through the City Manager may withhold, without prejudice to the rights of the City under the terms of the Agreement, or on account of subsequently discovered evidence, nullify the whole or part of any approved partial payment estimate to such extent as may be necessary to protect the City from loss on account of (1) defective work not remedied, (2) claims filed or reasonable evidence indicating probable filing of claims, (3) failure of Contractor to make payments properly to Subcontractors or for material or labor, (4) a reasonable doubt that the Work can be completed for the balance then unpaid, (5) damages to another contractor, or (6) performance of work in violation of the terms of the Contract Documents.

ARTICLE XV TERMINATION FOR CONVENIENCE

Notwithstanding anything contained herein to the contrary, City may, at any time, for any reason, and without Contractor's being in default, terminate Contractor's performance of any part or all of the Work for City's own convenience by giving written notice to Contractor. Upon receipt of notice of termination for City's convenience, Contractor shall, to the extent directed by City, stop work and turn over to City or City's designee materials and equipment purchased for the Work. City shall pay Contractor, in accordance with the Contract Documents, for only so

much of the Work as is actually performed as of the termination for convenience. City shall not be obligated to Contractor for any further payment, including but not limited to prospective overhead or profit on unperformed work. If a termination by City of Contractor's right to proceed on the ground of default by Contractor is determined later to have been improper, the termination automatically shall be converted to a termination for City's convenience, and City's obligation to Contractor shall be limited to payment to Contractor as provided in this Article.

ARTICLE XVI COMPLIANCE WITH LAWS

A. Contractor shall comply with all federal, state, and local laws, ordinances, rules, regulations, orders, and the like applicable to the Work. Contractor shall secure all permits from public and private sources necessary for the fulfillment of Contractor's obligations under the Contract Documents.

B. With each Application for Payment submitted by Contractor to City, Contractor shall include (a) a signed statement, in form acceptable to City, showing, for each weekly payroll period that ended during the period covered by the Application for Payment, the name, address, social security number, occupation, and craft of each worker employed by Contractor in connection with the Work and, for each such worker, the number of hours worked each day, the total hours worked during the payroll period, the gross amount earned, an itemization of all deductions, and the net wages paid and (b) a corresponding statement from each Subcontractor of any tier that employed any workers in connection with the Work during the period covered by the Application for Payment.

C. This Agreement shall be governed by and construed in accordance with the laws of the State of Missouri.

D. Contractor hereby certifies that, pursuant to Section 34.600, RSMo, it has not engaged in a boycott of: Goods or services from the State of Israel; Companies doing business in, or with, Israel; Companies authorized by, licensed by, or organized under, the laws of the State of Israel; or Persons or entities doing business in the State of Israel

ARTICLE XVII LABOR STANDARDS PROVISIONS

~~A. MISSOURI PREVAILING WAGE LAW. Not less than the prevailing hourly rate of wages established by the Missouri Department of Labor and Industrial Relations Division of Labor Standards shall be paid to all workers performing work under the Agreement. An Affidavit of Compliance with the Prevailing Wage Law as set forth in Exhibit B shall be completed by Contractor and every Subcontractor employed on the Project prior to final payment. The Contractor will forfeit a penalty to the City of \$100 per day (or portion of a day) for each worker that is paid less than the prevailing rate for any work done under the contract by the Contractor or by any Subcontractor.~~

B. EXCESSIVE UNEMPLOYMENT. During periods of excessive unemployment (any month immediately following two consecutive calendar months during which the level of unemployment in the state has exceeded five percent (5%) as measured by the United States Bureau of Labor Statistics) only Missouri laborers (persons who have resided in Missouri for at least thirty days and intend to become or remain Missouri residents) and laborers from non-restrictive states (persons who are residents of a state which has not enacted state laws restricting Missouri laborers from working on public works projects in that state, as determined by the Labor and Industrial Relations Commission), may be employed under the contract, except that other laborers may be used when Missouri laborers or laborers from nonrestrictive states are not available, or are incapable of performing the particular type of work involved, if so certified by the Contractor and approved by the City.

~~C. UNDERPAYMENT OF WAGES. In case of underpayment of wages by the Contractor or by any subcontractors to laborers or mechanics employed by the Contractor or Subcontractor upon the work covered by this Agreement, the City, in addition to such other rights as may be afforded it under this Agreement shall withhold from the Contractor, out of any payments due the Contractor, so much thereof as the City may consider necessary to pay such laborers or mechanics the full amount of wages required by this Agreement. The amount so withheld may be disbursed by the City, for and on account of the Contractor or the Subcontractor (as may be appropriate), to the respective laborers or mechanics to whom the same is due or on their behalf to plans, funds, or programs for any type of fringe benefit prescribed in the applicable wage determination.~~

D. LIMITATIONS ON EMPLOYMENT. No person under the age of sixteen (16) years and no person who, at the time, is serving sentence in a penal or correctional institution shall be employed on the work covered by this Agreement.

ARTICLE XVIII EQUAL EMPLOYMENT OPPORTUNITY

The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

ARTICLE XIX SUBCONTRACTS, ASSIGNMENT, OR TRANSFER

A. Except with the prior written consent of City, Contractor shall not assign this Agreement or any money due or to become due Contractor or issue a subcontract or purchase order to any person or entity for any or all of the Work. City's consent to any assignment, subcontract, or purchase order shall not relieve Contractor from any obligation under the Contract Documents, nor shall it create any obligation from City to any assignee, subcontractor, or vendor.

B. Each subcontract or purchase order issued by Contractor for any of the Work shall be in writing and shall provide that City is an intended third-party beneficiary of the subcontract or purchase order.

C. The Contractor shall be fully responsible to the City for the acts and omissions of its Subcontractors, and of person either directly or indirectly employed by them, as the Contractor is for the acts and omissions of person directly employed by it.

D. The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the work to bind Subcontractors to the Contractor by the terms of the Contract Documents insofar as applicable to the work of Subcontractors and give the Contractor the same power as regards terminating any Subcontract that the City may exercise over the Contractor under any provision of the Contract Documents. Nothing contained in this contract shall create any contractual relation between any Subcontractor and the City.

E. Each subcontract or purchase order issued by Contractor for any of the Work shall provide that it is freely assignable by Contractor to City. Contractor hereby assigns to City all its interest in any present or future subcontract or purchase order issued by Contractor for any or all of the Work. This assignment shall be effective upon acceptance by City in writing and only as to the specific subcontract(s) and/or purchase order(s) that City designates in the writing. This assignment may be accepted by City at any time, whether before or after final payment to Contractor, and may not be withdrawn by Contractor without City's written consent.

ARTICLE XX RESERVED

ARTICLE XXI ACCESS TO SITE/CLEANING UP

A. Contractor shall ensure that the Work, at all times, is performed in a manner that affords reasonable access, both vehicular and pedestrian, around the site of the Work and all adjacent areas.

B. Representatives of City may inspect or review any Work performed by Contractor, and consult with Contractor, at any time. City's inspections or reviews shall not constitute acceptance or approval of Work unless specifically stated in writing. Contractor shall meet with City at the request of City.

C. Contractor shall at all times, during performance of the Work, keep the Project site clean and free from debris resulting from the Work. Prior to discontinuing Work in an area, Contractor shall clean the area and remove all rubbish and its construction equipment, tools, machinery, waste, and surplus materials. Contractor shall make provisions to minimize and confine dust and debris resulting from construction activities. If Contractor fails to comply with cleanup duties within twenty-four (24) hours after written notification from City of non-compliance, City may implement cleanup measures without further notice and deduct the cost from any amounts due or to become due Contractor.

ARTICLE XXII COMPETENCE

Contractor represents and warrants that it maintains all necessary licenses, registration, competence, and experience to perform all the Work.

ARTICLE XXIII WARRANTY

A. Contractor shall exercise high professional skill, care, and diligence in the performance of the Work, and shall carry out its responsibilities in accordance with customarily accepted good professional practices. The Contractor warrants and guarantees for one (1) year from the date of completion and acceptance of the work that the completed work is free from all defects due to faulty materials or workmanship. The date of completion for all scopes of work shall be the last date of acceptance of all work in this contract. Contractor shall promptly make such corrections as may be necessary be reason of such defects including the repair of any other damages that were caused by defects in the work, at its own expense. The City will give notice of observed defects with reasonable promptness. In the event that the Contractor fails to make such repairs, adjustments or other work that may be necessary by such defects, the City may do so and charge the Contractor the cost thereby incurred. In emergency where, in the judgment of the City, delay would cause serious loss or damage, repairs and replacement of defects in the work and damage caused by defects may be made without notice being sent to the Contractor, and the Contractor shall pay the cost thereof. Neither final payment, Final Certificate, nor any other provision in the Contract Documents shall affect Contractor's obligation to complete the Work free of defects in workmanship and material.

B. Contractor shall remain solely responsible for the performance of the Work as required by the Contract Documents, notwithstanding any suggestions or observations made by another person or entity with respect to the Work.

C. This Article does not establish a period of limitation with respect to any obligation of Contractor under the Contract Documents, and does not limit the time allowed by law for any action for breach of such obligation.

ARTICLE XXIV STORAGE OF MATERIALS AND EQUIPMENT

The Contractor shall provide at its own expense and without liability to the City any additional land and access thereto that the Contractor may desire for temporary construction facilities, or for storage of materials. Only materials and equipment that are to be used directly in the Work shall be brought to and stored at the Project site by Contractor. After equipment is no longer required for the Work, it shall be promptly removed from the Project site. Protection of construction materials and equipment stored at the Project site from weather, theft, and all other casualty or damage is solely the responsibility of Contractor.

ARTICLE XXV TAXES

A Missouri Sales Tax Project Exemption Certificate (Missouri Department of Revenue Form 5060) will be provided by the City for the purchase of any materials or personal property

incorporated into or consumed in the construction project, pursuant to RSMo 144.062. The Contractor will pay all other sales, consumer, use and other similar taxes required by the State of Missouri or other taxing jurisdiction.

ARTICLE XXVI SAFETY

B. Contractor shall give notices required by and comply strictly with applicable laws, ordinances, rules, regulations, orders, and the like bearing on safety of persons or property or their protection from damage, injury, or loss. The Contractor will erect and maintain, as required by the conditions and progress of the work, all necessary safeguards for safety and protections. The Contractor will notify owners of adjacent utilities when prosecution of the Work may affect them. The Contractor will remedy all damage, injury or loss to any property caused directly or indirectly, in whole or part, by the Contractor, any Subcontractor or anyone directly or indirectly employed by any of them or anyone whose acts any of them may be liable.

C. The Contractor shall exercise proper precaution at all times for the protection of persons and property and shall be responsible for all damages to persons or property, either on or off the site, which occur as a result of his prosecution of the work. The safety provisions of applicable laws and building and construction codes shall be observed and the Contractor shall take or cause to be taken, such additional safety and health measures as the City may determine to be reasonably necessary.

D. The construction safety program shall include a course in construction safety and health that is approved by OSHA or a similar program approved by the Missouri Department of Labor and Industrial Relations which is at least as stringent as an approved OSHA program as required by Section 292.675 RSMo. Contractor shall require its on-site employees to complete a construction safety program within sixty (60) days after the date work on the project commences. Contractor acknowledges and agrees that any of Contractor's employees found on the Project site without documentation of the successful completion of a construction safety program shall be required to produce such documentation within twenty (20) days, or will be subject to removal from the Project. Contractor shall require all of its Subcontractors to comply with the requirements of this Paragraph and Section 292.675 RSMo.

E. Contractor shall forfeit to the City as a penalty two thousand five hundred dollars (\$2,500.00), plus one hundred dollars (\$100.00) for each on-site employee employed by Contractor or its Subcontractor, for each calendar day, or portion thereof, such on-site employee is employed without the construction safety training required herein. The penalty described in this Paragraph shall not begin to accrue until the time periods herein have elapsed. Violations of this requirement and imposition of the penalty described in this Paragraph shall be investigated and determined by the Missouri Department of Labor and Industrial Relations.

F. If City deems any part of the Work or the Project site unsafe, City, without assuming responsibility for Contractor's safety program, may require Contractor to stop performance of the Work or take corrective measures satisfactory to City, or both. If Contractor does not adopt corrective measures, City may perform them or have them performed and deduct their cost from the Contract Amount. Contractor shall make no claim for damages, for an increase in the Contract Amount, or for a change in the time for performance of the Work based on Contractor's compliance with City's reasonable request.

ARTICLE XXVII AUTHORIZED EMPLOYEES

Contractor acknowledges that Section 285.530 RSMo prohibits any business entity or employer from knowingly employing, hiring for employment, or continuing to employ an unauthorized alien to perform work within the State of Missouri. Contractor therefore covenants that it is not knowingly in violation of subsection 1 of Section 285.530 RSMo, and that it will not knowingly employ, hire for employment, or continue to employ any unauthorized aliens to perform work on the Project, and that its employees are lawfully eligible to work in the United States.

ARTICLE XXVIII INDEPENDENT CONTRACTOR

Contractor is an independent contractor, and neither Contractor or any Subcontractors, suppliers, employees, or agents shall be deemed an employee or agent of City for any purpose.

ARTICLE XXIX CONFLICT

All such laws, orders and regulations are applicable to this Project and are made a part hereof by reference.
